

**Yearly overview for lessons based on White Rose planning**

Teachers to use the White Rose planning to guide learning. Lessons to follow the objective overview to ensure small steps in progression. The overview involves objectives from the previous year (r). Throughout each lesson teachers will need to assess children’s understanding. They should not move onto the next lesson until children have a secure understanding. Consolidation weeks are given to allow teachers to spend longer on certain units where needed.

	Week one	Week two	Week three	Week four	Week five	Week six	Week seven
Autumn 1 7 weeks	Place value (17 steps)				Addition and subtraction (10 steps)		Consolidation
Autumn 2 7 weeks	Area (4 steps)	Multiplication / division (13 steps)			TT practice	Multiplication / division (up to step 6)	
Spring 1 6 weeks	Multiplication / division (step 7-15)		Consolidation	Length and Perimeter (9 steps)		Consolidation or start fractions (likely tricky)	
Spring 2 8 weeks	Fractions (15 steps)			Decimals (10 steps)		Consolidation	
Summer 1 5 weeks	Decimals (8 steps)		Money (6 steps)		Time year 3 consolidation		
Summer 2 7 weeks	Time (5 steps)	Consolidation	Shape (8 steps)		Statistics	Position and direction	Consolidation
