Autumn 1
Topic
God's Creation

Catholic Social Teaching Focus
Care for God's Creation

British Values Focus
As we learn to care for God's creation, we will be encouraged to show mutual respect and tolerance for all.

St Paul's Year 5&6 Curriculum Map Autumn 1 Catholic Social Teaching Focus: Care for God's Creation

RE

We will learn that a covenant is a sacred promise between God and his children and that the covenant made between Him and Abraham is meant for us all. We will learn that the ten commandments, the code of conduct for life, can be found in Jesus' words and his actions.

English

Our core text this half term will be Survivors by David Long. We will be focusing on grammar this half term. This will focus on nouns (common and Proper nouns, collective and partitive noun) and verbs subject agreements.

Maths

Year 5 will be representing and partitioning numbers to up to 100,000. Children will learn to add and subtract numbers with increasing value. Year 6 will be partitioning numbers up to 1 million and place them on a number line. Children will learn to add and subtract numbers of increasing value.

Science

We will be learning to explain the movement of Earth and other planets,. We will be able to describe what causes day and night. We will learn that unsupported objects fall towards the Earth due to the pulling force of gravity. We will know that forces change the motion of an object – make it start, move, speed up, slow down or change shape.

Art and Design

In Art we will be looking at a wide range of portrait artists using a wide range of skills and technique for their portrait work . we will learn some toptips on how to draw portraits
Elements: pattern , tonal value ,

Computing

The children will learn that computers represent data as numbers and form the basics of binary code. We will learn that information can be stored as numbers, texts and choices. We will learn that you can search and use a database to answer questions.

Music

This half term in music, we will explore Mars from The Planets Suite by Gustav Holst. We will listen to orchestral music, learn and perform rhythms, create our own musical motifs, and compose music inspired by planets and space. This unit will develop creativity, teamwork, performance skills and musical vocabulary.

History/Geography

This half term we will be learning about rivers. We will learn about the journey a river takes, how its shape can change and the ways rivers can be used. We will use fieldwork to observe, measure and record the human and physical features in the local area using a range of methods

MFL Spanish

Numbers to 100
We will be learning all the numbers up to 100 and will be practising using them in different contexts. We will follow the text of number rhymes and songs, identifying the meaning of the new vocabulary.

Physical Education

In Real PE, the children will develop and apply their ball skills and reaction and response through focused skill development sessions, modified/non-traditional games and sports and healthy competition..

PSHE

NEEDS
COMPLETING

My Happy Minds

The children will revisit their learning about three key parts of their brain; Hippocampus, Amygdala and Prefrontal Cortex. We call them Team H-A-P for short and how they each have a special role in making sure we can perform at our best.
